

American Compliance Systems, Inc.

Your employees deserve a safe workplace. You, as the employer, deserve the savings associated with a safe workplace environment. American Compliance Systems, Inc. (ACS) is the safety consulting company to provide the training and consultation to make your workplace safer, minimizing injuries and accidents. When a company takes proactive steps to minimize illness and accidents, then both direct and indirect costs will decline, with potentially huge savings.

The Positive Impacts

A. Reducing workplace accidents & illnesses reduces direct insurance costs (mostly workers' comp)

- *ACS clients average over twenty percent (20%) savings with their workers' comp insurance
- *Offset rising insurance premiums
- *Savings will usually fund all of ACS fees

B. Additional benefit of ACS' services is the reduction of indirect costs of accidents & illnesses

- *Include lost time, training, and lower productivity (generally 5-10 times that of direct costs)

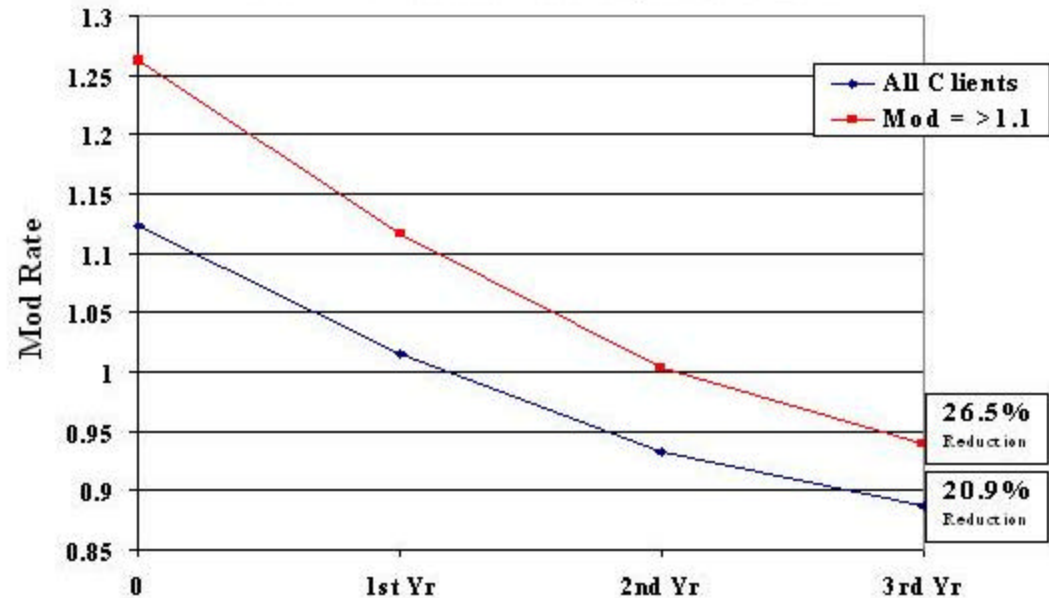

C. Other Positive Results

- *Achieve general OSHA compliance and peace of mind
- *Minimizes the risk of fines and citations
- *Reduces the risk of employee lawsuits
- *Improves workers morale and increases productivity
